MSAP ratings tell the story of their social and environmental impacts

Behind the Ratings

MSAP rates social and environmental impacts throughout the product life cycle. MindClick assigns a score out of a possible 200 points based on the 9 key metrics shown.

Healthy Design Made Easy

Certifications and eco-labels provide the proof points. MSAP consolidates the results through ratings, making it easy to compare products and performance.

PI Fine Art

← VENDOR LIST

We're one of the largest vertically integrated art companies in North America, specializing in art, custom wallcovering, mirrors and alternative wall décor. We manage every step within the art development and supply chain process - from art consulting to publishing and manufacturing. We'll work with you on creating concepts for your project, collaborating w...
